Fair Trade Calgary

Dear Fair Trade Calgary,

Mennonite Central Committee (MCC) Alberta supports the campaign to have Calgary recognized as a Fair Trade Town and supports raising awareness about the benefits and opportunities of fair trade for our community and for producers around the world.

MCC is a relief, development, and peace organization that works both locally and in 55 countries around the world through local partnership. As part of our commitment to peace and justice, we have been a long supporter of fair trade. Ten Thousand Villages, a prominent fair trade retailer, began out of the work of an MCC worker in 1946, and we continue to partner with them today. We consistently use fair trade tea and coffee in our office and at our events.

We happily support initiatives such as becoming a Fair Trade Town that encourage people to buy products that ensure the dignity of people around the world.

Sincerely,

Carol McNaughton
Peace Program Coordinator
